NFM Application Materials

The Editor's Note at the beginning of issue 211 of the GFO Newsletter said that the application materials for early applicants under the new funding model (NFM) were not available on the Global Fund website. This was an error. The materials, which consist of the concept note form and instructions, are available at www.theglobalfund.org/en/accesstofunding/early/materials.

The application materials can also be accessed from the main NFM page at www.theglobalfund.org/en/activities/fundingmodel. Click on "Guidance and Application Materials."
