Detailed data regarding Round 1, 2 and 3 grants

This brief issue of GFO serves to inform readers that comprehensive data and source material regarding all Round 1, 2 and 3 grants is now available at www.aidspan.org/globalfund/grants.

A master table lists every country that is eligible to receive Global Fund grants. For each such country, a data sheet is provided that lists each proposal that was submitted from that country to the Fund in Round 1, 2 or 3. For each such proposal, the board's decision to approve or reject is shown, along with the requested and approved amounts. For each approved proposal, a link is provided to the Global Fund's page that shows full grant and contact details, together with links to the full proposal and to any signed grant agreements. In addition, for each Round 2 and 3 proposal, a link is provided to the Executive Summary, and for each Round 2 and 3 proposal that was approved, a link is provided to the comments of the Technical Review Panel (TRP).

Separately, a 26-page report by the Secretariat and TRP providing an in-depth analysis of Round 3 proposals and grants is available at www.aidspan.org/gfo/docs/gfo59.pdf (and gfo59.htm and gfo59.doc).
